Pest Protection Bags (Red) - Pack

Pest protection bags can effectively protect your plants and crops from insects, birds, squirrels, and other pests.

Extruded Plastic Netting Pest Protection Bags (Red)

Most insects cannot see red

Description

Pest protection bags are made with extruded polyethylene and are available with a **fine mesh (<0.5mm aperture)** that can insects out.

Made of high-quality mesh with PE material.

Protects vegetables and fruits from birds, moths, and insects while allowing air, moisture, and sunlight to pass through.

Breathable design promotes smooth photosynthesis.

Efficiently controls pests while remaining light and water-permeable.

Provides a good growing environment without causing pollution or health damage from toxic pesticides.

Ideal pest control method for those who prioritize sustainability and environmental friendliness.

Pest Protection Bags Applications

Anti-Birds
Anti-Squirrels
